

Strength test report – Aerial Straps Velvet

Product name: Velvet aerial straps

Strength test device: Ripper ZWICK Z050 with calibration certificate ZPS-0539-2015

Loading model: tested single strap

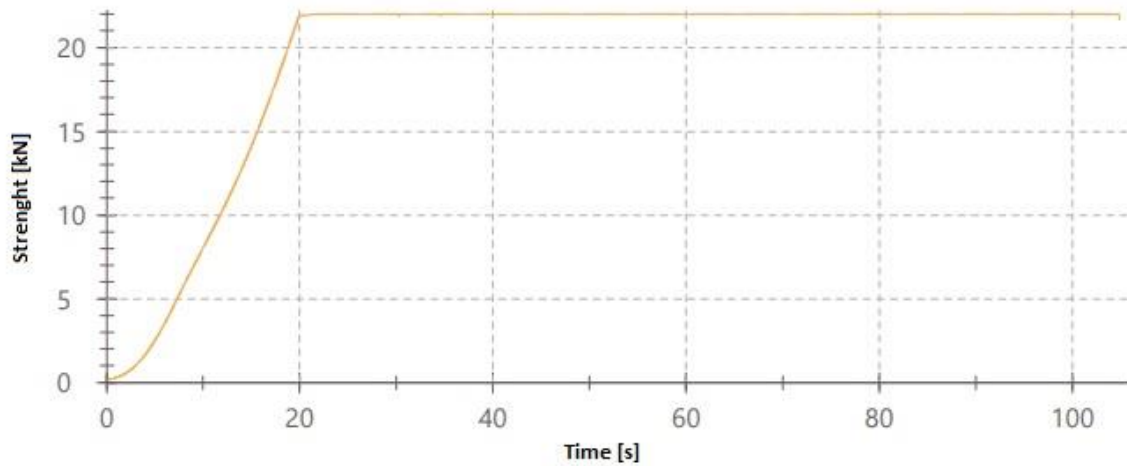

Set breaking load – 50 kN

Test data: 19.09.2021

Colour	No	Test data	Product name	Fmax [kN]
	1	2021-09-19	Belt RX085 25x2,4 mm	22,0

Loading Graph

Conclusions:

BLL for single strap = 22,0 kN. Important note: put carabiner in loop.

Test engineer:
Bartłomiej Zarebski
Marcin Włuka
